Evans Scholars Program

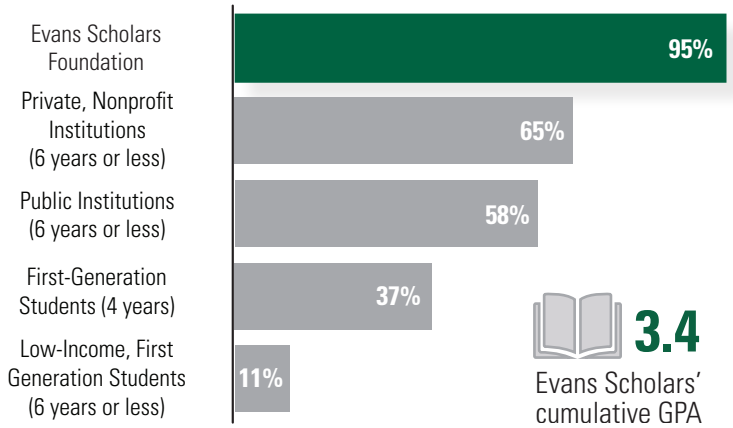
EVANS SCHOLARS FOUNDATION
By The Numbers

For promising young men and women across the country, college is further from reach than ever before. The Evans Scholars Foundation provides full tuition and housing scholarships to high-achieving caddies with limited financial means.

PROGRAM OUTCOMES

EVANS SCHOLARS GRADUATE at a rate of 95%, significantly higher than the national averages for the student populations our Program serves.

Comparison of Graduation Rates



More than 98% of Class of 2019 Evans Scholars were employed full-time or attending graduate school within six months of graduation.

EVANS SCHOLARS UPDATE FOR THE 2020-21 ACADEMIC YEAR

Nick Pantelis
Class of 2021
Penn State University
Major: Chemical Engineering

"Thank you from the bottom of my heart for all that you have done for me and my fellow Evans Scholars over this last year and beyond. Your kindness, compassion, and generosity have afforded me the opportunity of a lifetime here at Penn State. I've seen some of my greatest successes, met many lifelong friends, and explored my passions in ways I never thought possible. This would not have been possible without your continued support financially, academically, professionally, and personally. The opportunities I've had now that I'm more than halfway done at Penn State have been life-changing. My only hope is that I can continue to give back to you as well as I have been receiving from you."

Alex Garda
Class of 2021
Penn State University
Major: Finance

"I would like to thank each of you for your support of the Evans Scholarship program. It is amazing to see caddies from our club receiving the scholarship each year and it is all thanks to your generous contributions. With one South Hills Country Club caddie graduating this past semester, I hope to see more come through. I am very grateful to have this opportunity to study at a great university and cannot thank you all enough. This house provides us with an incredible opportunity to become closer, organize as a group to accomplish tasks, care for our house, and help each other academically — we are all truly grateful every day."

Adam Brueggman
Class of 2021
Penn State University
Major: Economics

"I thank you all, for your commitment to this program and your faith in me as a Scholar. The Evans Scholarship is a life-changing experience and I am truly blessed to be a part of it. t is remarkable to think about all of the opportunities that have come my way, experiences I've had, and the relationships I have built with other Scholars in the house. I cannot thank you enough for all you have done for me to get to this point."
